

## DONATION OF TOYS

With your contribution you contribute to improve the quality of life of our children.

### RECOMENDATIONS

- **Donate always toys in good condition:** It is not a question of donating broken, damaged or not working toys, but of donating all those that are no longer used but still in perfect condition.
- **Avoid donating warlike or violent toys:** The last thing our children need is precisely this kind of toys, since they foment violence and conflict.
- **We prefer non-electric toys:** In general, electric toys deteriorate more easily and once consumed the batteries lose much or all of their functionality.
